LAPRAIRIE.

An extensive municipal village and parish on the south shore of the River St. Lawrence, between the Lachine rapids and Veillon bridge, district of Montreal, seigniorial county of the same name. Incorporated March 30, 1846. The parish was erected the 17th November, 1668. A market is held every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. John, 1836. It was first worked with horses, afterwards by steam, but was discontinued. The rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie, a branch of the Grand Trunk Railway, running at Fort Covington, in the State of New York, to reach the Victoria bridge runs twice a day in close proximity to the village, with a good station and contributes materially to the development of the locality, which is considered a very healthy and pleasant place. There is also a fire station amply supplied with new fire apparatus such as a fire engine and hook and line. Fishing and hunting is also largely pursued. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved the present summer. A new church is also partly made up. The aqueduct giving a very good service to the village, and the work of putting up being done very rapidly in the streets. The pressure of water in the fire is also very powerful, as the

drawn by steam and air pressure, which brings it at a distance of 1,350 feet from the St. Lawrence river. The premiums upon insurances have also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North-Western Telegraph Company has an office here. Telephone connection with Montreal. Distant from Montreal, 9 miles, fare 15 cts.; from St. John's, 18 miles. Mail daily. Population of village about 1,450; of parish 2,200.

ST. LAMBERT.

A suburban village on the south shore of the
St. Lawrence, directly opposite Montreal, in
the county of Chambly, district of Montreal,
with a population about 1,500, and growing
rapidly. It is an important railway centre,
and is supplied with an excellent train ser-
vice by the Grand Trunk Railway, having
over twenty trains each way daily. Return
25c, single 15c, on suburban trains, return good
for day of issue only, 25c; return good for 1
month 45c; single fare on regular train 25c;
by commutation tickets, 52 trips for \$2.60, or
5c a trip.

The Victoria Bridge spans the St. Lawrence
here, and all trains to and from the City stop
at the railway station. Several lines of rail-
way run here, viz.: Grand Trunk for points
South, East and West; Central Vermont for
Farnham, New York and Boston; Delaware
& Hudson for New York; Montreal &
Sorel for Sorel. The distance to Longueuil,
the county seat, is three miles. There are four
churches: Methodist, Episcopal, Roman
Catholic and Presbyterian, with resident
ministers and curé. There is a large Model
school, conducted by the Protestant School
Commissioners, with a staff of five teachers;
and a French school, conducted by the R. O.
Commissioners, with two teachers. There is
excellent boating on the river, and the St.
Lambert Boat Club is recognized as one of
the best clubs in the vicinity of Montreal.
The residents are mostly employed in the
City, and select it for a suburban home from
its favorable situation and excellent means
of communication at all seasons with the
City. During the winter months direct com-
munication is had with Montreal by an ice
road across the St. Lawrence, on which con-
siderable driving is done. St. Lambert is
being rapidly built up, and is destined to
become a very important point; and it is ex-

pected that a system of water and drainage will soon be inaugurated. The distance by rail is six miles. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication at post office.
